1012-17-43   **Vyjayanthi Chari***, Department of Matehmatics, University of California, Riverside, CA 92521, and **Adriano A. Moura**. *Restricted Kirillov Reshetikhin modules.*

In this talk we discuss the classical analogs of the Kirillov Reshetikhin modules for the current and twisted current algebras associated to a simple Lie algebra. We also determine the graded characters of these modules and discuss the connection with various conjectures in the literature. (Received August 22, 2005)
