1025-60-194 **Tamer F Oraby*** (`orabyt@math.uc.edu`), Cincinnati, OH 45221. *Spectra of Random Block-Matrices.* Preliminary report.

We call a random matrix, a random block-matrix, if it is made of a block structure whose entries are random matrices. In my talk, I will discuss some results about random block-matrices. (Received January 22, 2007)
